# CUSTOMIZE YOUR SUMMER!

## with **CAMP CONNECTOR**

Throughout this Activity Guide, you will see a number of camps that include a **Camp Connector** option. **Camp Connector** is a scheduling option designed to allow you to conveniently link together a full day of camp experiences. The **Camp Connector** provides supplemental pre-camp morning extended care, noon, or post-camp afternoon extended care. With **Camp Connector**, your child can experience a comprehensive, well-rounded summer camp program each week, and drop off and pick up at your convenience!

The **Camp Connector** is offered every week for select camps located at four locations: Shannon Community Center, Heritage Park, Dublin Library/Dublin Sports Grounds, and Stager Gym/Wells/Kolb/Dublin High/Swim Center. **Camp Connector** also allows you to customize an experience that fits **your** schedule **and** meets your child's interests. **Camp Connector** is available in conjunction with traditional day camps, as well as specialty camps, including sports, art, cooking, and science. Choose from a variety of day camps and specialty camps at the same location. When it's time for your child's camp to begin, our staff will walk your child safely to the instructor. Selected locations also offer morning and afternoon care. Awesome, right?

### Here's how it works:

- 1 Register your child for a morning camp at one of the four locations.
- 2 Register for the noon **Camp Connector** at the **same connector** location where the camp is being held. Staff will pick up and supervise your child for the lunch hour (12-1 PM). **Please note that lunch is not provided.**
- 3 Register your child for an afternoon camp at the **same connector** location as the morning camp. Staff will ensure that your child is safely escorted to their afternoon camp.
- 4 If you are a working parent or need to drop off your child a bit early or pick them up a little later – register for the morning or afternoon extended care **Camp Connector** at the **same connector** location.

### It's that easy!

Remember, **Camp Connector** is an add-on feature. You can sign up for a full day of camps, or those you want. If you do choose to utilize the **Camp Connector**, please register for your camp first, then select your **Camp Connector** options.

Please see page 22 for more information.

**PLEASE NOTE:** This Guide lists **Summer Camps and Aquatics** only. The **Summer Activity Guide** will include regular classes and programs for all ages. The Summer Activity Guide will be mailed to Dublin residents on April 5.

Choose a full day of options, including our extended care services, or just the camps your child is interested in attending. Use the **Camp Connector\*** to turn half-day camps into a full-day experience, without having to pick up your child in between. Add one, or all three **Camp Connector** to customize a camp schedule that works for you! **Please note: Lunch is not provided** during the Noon **Camp Connector**.

*\*To offer this service, a minimum of 8 participants must be enrolled 2 weeks before the start of each camp*

Camp descriptions can be found on pages 22 to 35.

## SWIMMING LESSONS

The City of Dublin's swim lesson program is designed to promote learning in a safe and comfortable swimming environment. Our instructors are fully trained with the latest swimming and water safety instructional techniques.

Please read the course descriptions carefully before you select a class, to ensure that the student is placed in the appropriate level. Classes are available for all ages and abilities. Each level of the program includes training in basic water safety, in addition to the skills outlined below.

**Swim lessons are held rain or shine.**

### Tiny Tots and Toddler Lessons

#### Pollywogs – Ages 6 months to 2 years

#### Guppies – Ages 3 years to 4 years

Are you looking to start your young child's relationship with the water? This water exploration class is designed to give young students exposure to water safety and swimming techniques. The adult is the primary instructor for the student and will be required to be in the water. All classes will be directed by an instructor who will lead the class through age-appropriate water games and beginning swimming techniques to enhance the child's comfort in the water. One child per adult.

### Preschool Lessons (Ages 3 – 5 years)

For the following levels, the student must be willing to work without a parent in the water.

#### Minnows PS1: Water Exploration

Do you want to start your child in swimming lessons? This class focuses on the most elementary aquatic skills which your child will continue to build on as they progress through the swim lesson levels. At this first level, children start developing good attitudes and safe practices through supported teaching techniques that will enhance their comfort in and around the water.

#### Starfish PS2: Primary Skills

This class builds on the basic aquatic skills learned in the Minnows class and gives participants further success with fundamental aquatic skills performed to a slightly more advanced degree than the Minnows class. This level marks the beginning of independent aquatic locomotion skills.

**Prerequisite:** Completion of Minnows or equivalent course

#### Seahorse PS3: Stroke Readiness

This class is designed for children who can swim on their front and back for a minimum of 15 feet and are comfortable submerging themselves underwater. Participants continue to improve coordination of combined arm and leg actions. As in all levels, additional safety skills will be presented.

**Prerequisite:** Completion of Starfish or equivalent course

### Youth Lessons (Ages 6 – 14 years)

#### Otters Y1: Introduction to Water Skills

Do you want to start your child in swimming lessons? This class focuses on the most elementary aquatic skills which your child will continue to build on as they progress through the swim lesson levels. At this first level, children start developing good attitudes and safe practices through supported teaching techniques that will enhance their comfort in and around the water.

#### Sunfish Y2: Fundamental Aquatic Skills

The objective of this class is to give participants success with fundamental skills. Participants learn to float without support and to recover to a vertical position. This level marks the beginning of true locomotion skills. Participants further develop arm and leg actions on the front and back that lay the foundation for future strokes.

**Prerequisite:** Completion of Otters or Minnows

#### Whales Y3: Stroke Development

This class is designed to build on previously learned skills by providing additional guided practice. Participants learn to survival float, swim the front crawl and elementary backstroke. The scissors and dolphin kicks are introduced, and participants build on the fundamentals of treading water. Participants also learn rules for headfirst entries and learn to enter the water headfirst from a seated position at poolside.

**Prerequisite:** Completion of Sunfish or Starfish

#### Marlins Y4: Stroke Improvement

Participants continue to improve their skills and increase their endurance by swimming familiar strokes at greater distances. Participants add the arms to the scissors kick for the sidestroke. Participants also start to learn the back crawl, breaststroke, and butterfly and the basics of turning at a wall.

**Prerequisite:** Completion of Whales

#### Dolphins Y5: Stroke Refinement

The purpose of this class is to improve coordination and refinement of strokes. Participants refine their performance of all the strokes and increase their distances. Flip turns on the front and back are also introduced. This class is designed for youths who can swim at least 15 yards in each swimming stroke.

**Prerequisite:** Completion of Marlins

#### Sharks Y6: Swimming and Skill Proficiency

Do you think your child has learned all they can about swimming? Guess again! This Sharks class is designed for youths that can swim at least 25 yards in each swimming stroke.
